How are students being supported through the use of federal stimulus dollars?

The federal stimulus dollars are a once-in-a-generation opportunity to support our students and to address the multi-year effects of the coronavirus pandemic. The decision on how to spend federal pandemic recovery resources is inherently and intentionally local as school communities are best equipped to

identify and address their most urgent local needs in order to:

- Create safe and healthy learning environments
- Address disrupted learning time
- Meet mental health needs of students and staff
- Support educators and staff stability and well-being

Education received [4.6% of all federal stimulus funds](#) in Colorado. While all the one-time federal stimulus dollars will expire by September 30, 2024, they have supported local students and communities weather the effects of the multi-year pandemic.

ESSER II — Providing stability and managing the health crisis

Expenditures allowed through Sept. 30, 2023

In December 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) was signed into law, providing additional federal stimulus dollars for the national Education Stabilization Fund (ESF) and these ESSER II funds were awarded to the Colorado Department of Education (CDE) on Jan. 5, 2021. Under CRSSA, Colorado was allocated \$519 million through the ESSER II fund.

Although the ESSER II uses of funds are similar to those for ESSER I, there are important distinctions between the ESSER II and ESSER I programs, including the period of funds availability, equitable services to non-public schools, maintenance of effort, and a report on efforts to measure and address learning loss due to disrupted learning. States are instructed to use all remaining ESSER funds before making use of the ESSER II funds, given the September 30, 2022 deadline for ESSER I fund obligations.

ESSER II funds were distributed according to the same process as the March 2020 ESSER I funds with 90% flowing to local education agencies based on their federal Title I formula, which is intended to provide additional resources to schools in communities with higher poverty levels. ESSER II funding for **Montezuma-Cortez RE-1** was based on its [Title I](#)

Coronavirus Relief Fund (CRF)

The CARES Act established the Coronavirus Relief Fund (CRF) to support states with expenses due to the public health emergency with respect to the COVID-19 incurred from March 1, 2020, to Dec. 30, 2020. In May 2020, Gov. Polis directed the transfer of \$510 million from the State of Colorado's CARES Act CRF to CDE to be awarded to school districts, the Charter School Institute, the Colorado School for the Deaf and the Blind and facility schools on a per pupil basis. Additionally, each BOCES in the state received \$25,000.

Governor's Emergency Education Relief Fund (GEER)

The CARES Act included \$3 billion for a Governor's Emergency Education Relief (GEER) Fund. Colorado was allocated more than \$44 million from the GEER fund. The Coronavirus Response and Relief Supplemental

Appropriations Act of 2020 added \$4.05 billion for the Governor's Emergency Education Relief (GEER) Fund. GEER II included \$2.75 billion for emergency assistance to nonpublic schools through the Emergency Assistance to Non-Public Schools (EANS) grants of which \$28,433,931 has been allocated to Colorado.

ESSER I Rapid Request

All ESSER I funds expired on September 30, 2022 and any funds unobligated on September 30, 2022 would have to be reverted to the federal government. There are some unobligated funds from the 10% portion that could not be used by current grantees. The Colorado Department of Education (CDE) wants as many of these funds to go to Colorado grantees as possible, and have therefore created a simple ESSER I Rapid Request grant program to determine if any grantees have activities or costs that could have been funded with ESSER I funds, but were not. Learn more on the [CDE website](#).
